A BOILER EXPLOSION

CAUSES THE LOSS OF THREE LIVES
AND WOUNDING

Of Many Others—Squire Dillingham, the
Oldest and One of the Best Known Cit-
izens of Gregg County Among the Fa-
tally Injured.

KILGORE, Tex., March 4.—Six miles
west of this place the boiler of Ferrell's
sawmill exploded, instantly killing Lee
Berry, Burchall and Flowers, white
men. Squire Dillingham, an old and
respected citizen, was fatally and several
negroes badly injured.

Nothing remains on the spot where
the mill stood except the ruins of the
building. Rocks, timbers and pieces of
machinery were hurled 400 yards from
the mill and parts of clothing and pieces
of machinery can be seen hanging from
and lodged in trees 300 and 400 feet away.

The Mangled Remains
of the men so lately full of life and hope
and the groans of the injured and dying
make the stoutest heart quail. It is the
opinion of those who were present at the
time that too much steam was the cause
of the accident. Fireman Lee Berry,
who was killed, was heard to remark a
few moments before the accident that
the inspector was out of order and failed
to work properly.

Berry leaves a wife and several small
children. Manager James W. Birchall
was mangled almost beyond recognition.
His little son standing by his father's
side escaped without injury. Burchall
leaves a wife and four small children.
Jim Flowers was a young man and
came to this place from Wisconsin a
short while ago. A piece of boiler weigh-
ing sixty pounds

Struck Squire Dillingham
in the back of the head crushing his
skull, from which the brains are pro-
truding and there is no hope of his re-
covery. Francis Frambrough, white,
and Abe Mitchell, colored, were seriously
but not fatally injured.

The explosion and shock were dis-
tinctly heard and felt at this place. Dr.
Holt of this place is there doing all in
his power to alleviate the sufferings of
the injured.

Those hurt but not fatally injured are:
Francis Frambrough, Alex. Mitchell, Joe
Cleburne, Bob Finley, Ed Curry and
Burt Burcham, a boy 15 years old, son
of J. M. Burcham.

The concussion broke windows and
stopped clocks miles away and the noise
was heard fifteen to twenty miles in
every direction. The people for miles
around were attracted to the noise and
hundreds of farmers came to the scene.

MRS. NEVENS BLAINE.

The Lady Arrived at Chicago and is In-
terviewed.

CHICAGO, March 4.—Some pungent ut-
terances were given voice here by Mrs.
Marie Nevins Blaine in relation to the
open letter she wrote to the secretary of
state. Mrs. Blaine is in Chicago en
route to New York, accompanied by
her little son, James G. She is pale, but
stated that except for the nervous strain
of the events of the past year, her health
is good. Regarding the letter Mrs.
Blaine said: "I allowed Blaine ten days
in which to tell the whole truth about
the treatment given me by the family
and to retract the statement that it was
I and not his son who did the courting
before the marriage. He gave the public
garbled extracts from my letters to his
son. These convey untruthful and un-
just ideas respecting me. If Blaine does
not within ten days publish the full text
of my letters, I will give to the public
the letters which his son wrote to me
before the marriage and which will
prove conclusively who was the wooer.
As great as Blaine is he cannot and will
not be allowed to asperse my character
with impunity and without a rejoinder
on my part. If he persists in his attacks
on me I will teach him to regret it. He
set up love for his grandson as an excuse
for his attempt to besmear me. I love
my son quite as much as Blaine can love
him as a grandson, and for that reason
it is my duty to see that his mother does
not rest under a false charge unan-
swered."

A Desperate Woman.

CAIRO, Ill., March 4.—Mrs. Nesitt, a
widow aged 29 years, committed suicide
at the residence of her sister,
Mrs. J. C. Clark. She arrived from
Union City, her former home,
and before retiring she administered
wine poisoned with morphine to her lit-
tle daughter, aged 12 years, after which
she took a large dose herself. The daugh-
ter, however, before she was entirely
overcome with the stupor, having been
aroused by the heavy breathing of her
mother, gave the alarm, but she was
beyond medical aid. The life of the
girl was saved. The mother had at-
tempted suicide about a year since. No
cause is assigned for the deed.

Almost Finished.

TOPEKA, Kas., March 4.—J. H. Pitzer,
who has just arrived from the Indian
Territory, says the work of allotment
in the Cheyenne and Arapaho Indian reser-
vations is nearly completed and Special
Agent Weigel is of the opinion that this
country will be opened to settlement by
April 1.

At the head

of all blood-purifiers is Dr. Pierce's
Golden Medical Discovery. But it's
different from all of them. What-
ever is claimed for this, it's *guaranteed*
to do. The money is refunded
in every case where it fails to bene-
fit or cure. It's because it is different
that it can be sold so. All
diseases originating from a torpid
liver or impure blood yield to it.
It cleanses and purifies the system,
freeing it from all manner of blood-
poisons, no matter from what cause
they have arisen. For Dyspepsia,
Biliousness, Scrofula, Salt-rheum,
Tetter, Erysipelas, or any blood-
taint or disorder, it is an unequalled
remedy. Nothing else can take its
place.

"Golden Medical Discovery"

contains no alcohol to inebriate,
and no syrup or sugar to derange
digestion.

It's a concentrated vegetable ex-
tract; put up in large bottles;
pleasant to the taste, and equally
good for adults or children; works
equally well all the year round.
